

AQ-DM-6BT WATERPROOF DIGITAL MEDIA LOCKER

Now with Halo Aerial Technology and Virtual Bass!

Halo Aerial Technology improves the standard Bluetooth wireless signal and range, for a stronger signal and increased range in all directions.
***Virtual Bass** uses digital technology to enhance bass response. Even on small speakers the perceived bass frequencies are extended to create a richer listening experience.

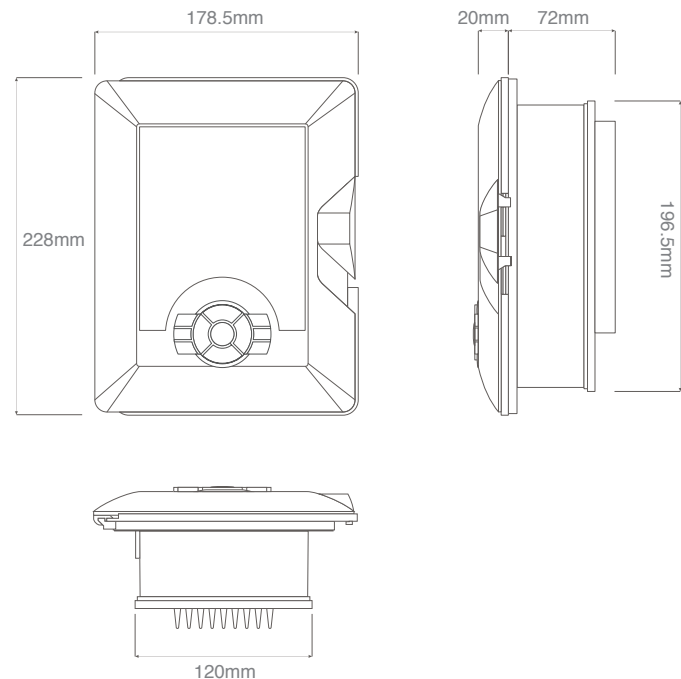

Additional features when used with optional Remote Controls (sold separately).

SPECIFICATIONS

Supported Media:	Bluetooth/MP3 Compatible with most smartphones and media players
Supported media max. dims	107 x 184mm (WxH)
Device Control:	via Door Controls & optional RF Remote Control
Halo Aerial Technology:	Yes
Inputs:	1x 3.5mm jack, Bluetooth
Outputs:	1x stereo pair RCA (2V)
Power (max):	4x 45W (4 Ohms), 4x 72W (2 Ohms)
Amplifier Type:	Class A/B (2 Ohm stable)
Output Voltage:	9.6V - 14.4V DC
Max Current Draw:	7A
Standby Current Draw:	6mA
Waterproof:	IP65
UV Protection:	500hrs stable
Salt/Fog Protection:	500hrs stable
Certifications:	CE, RoHS, WEE, FCC
Remote Control (sold separately):	AQ-RF-6UBT-R (Remote Receiver, sold separately) AQ-RF-6UBT-T (Handheld Remote, sold separately) Note: Both Handheld Remote (-T) & Remote Receiver (-R) are required for successful operation.
*Features available when used with optional Remote Control (sold separately):	Remote Control charging (via USB or internal dock) 2x External Trigger (12V DC, 3A) DSP Virtual Bass Bass/Treble Balance/Fader
Additional Features:	Stainless Steel mounting hardware
